A monthly review of the food situation is published by the Food Controller.

The weekly season report published by the Revenue gives information of rainfall, harvests, state of crops, agricultural operations etc. I ~~do not~~ think in both these five all the ~~any further~~ information that can be given.

Wide remarks date elsewhere vide 23.9.19

Some Newspapers have a way of shutting their eyes to things that are being done

These reports are intended to be confidential.

As submitted in a multiple the F.C publishes a monthly review in the Gazette & the weekly season reports give some information.

There does not seem to be any need to publish these special reports
